

God Has A Quiet Voice

God has a quiet voice. Listen for it.
God will call to you.

Be prepared for the moment when the Lord speaks.
God will come to you ever so gently.

God's quiet voice will come to you as
a whisper, or as bold as thunder.

God can be heard in shivering winter leaves,
Or quietly in a swirl of rising silent smoke.

God will speak to you in many quiet ways,
In rainbows, sunrises, and sunsets.

As God speaks you will not only hear the Lord,
God will engulf you in His/Her quiet.

You will be held forever in the palm of
The Creator's hand when God speaks, and you listen.

God has a quiet voice.
Listen for it.

God will call to you.
