

Our Lady of Grace

Principal's Message

Welcome to Our Lady of Grace Website. This website is designed to assist parents and students with information regarding the parish and our school. We hope the information contained in this site will give you a clear picture of our school and the many goals, expectations, and objectives we have for our students.

Our goal at Our Lady of Grace School is to create a faith-filled environment for all children so that they can grow and develop in their faith as active Catholics. In addition, we strive through rigorous academics to prepare our students to compete in a global society. The faculty and staff at Our Lady of Grace School are here to assist the children to this end and to make the educational process as enriching and formative as possible.

A key component of student success is the partnership between parent and school. Parents, students, and parishioners will find on our website key information regarding our school and its programs to assist them in the years here at Our Lady of Grace School. We are confident that the increased parent-school communication provided by this website will correlate to student success.

Thank you for your continued support for our school.

Patricia Chaimowitz,
Principal
